DECAL KIT

For all your product's labeling needs

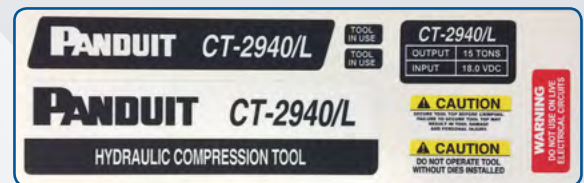

What is a DECAL KIT?

It is a combination of all the labeling requirements put together on a sheet, in a kit, or in a package.

Often a product has several decals/ labels to brand it, identify it, inform it, instruct it, and provide caution or warnings.

These decals/labels come in different sizes, shapes, materials, adhesives, and prints.

By combining all these decals/labels together in a "Decal Kit" will save you time, costs, and labor.

Solving Problems

Inventory control by locating individual decals /labels for application.

Labor time gathering the decals/labels to apply

Multiple Inventory Reorder points

Cost per decals/ labels can be costly by ordering separately

Solutions

Reducing application labor

Purchase what you need - Minimizes spoilage

Improves inventory control by reducing reorder points to 1

More cost effective

TANGIBLE BENEFIT

Lowers cost and it comes in a decal kit

DIFFERENTIATOR

We can combine all the labeling requirements a customer has on a sheet or as a decal kit/package thus making them easier to use in application, inventory control, and less in labor costs.

DIGITALLY PRINTED DECALS FOR ALL YOUR LABELING NEEDS

Stand out from the crowd with digitally printed decals and die-cut plastic films from Galleon. Since 1993, our unique approach to labeling has helped our clients save time and money on their projects. We combine your distinctive requirements into one convenient kit, simplifying application, enhancing inventory control, and reducing labor costs. No matter the industry, our custom product labels are the perfect alternatives to one-size-fits-all "solutions."

Durable Labeling SOLUTIONS

Galleon product labels endure the test of time. Apply them to rough surfaces or pit them against extreme weather - they'll come out looking as professional and legible as the day you applied them. This unparalleled durability is one of the reasons countless organizations, including the military, the Navy, and fire departments all over the country, prefer Galleon products. Discover the difference they can make in your association or business today. We serve clients in these industries and more:

- **Power Tools**
- **Rescue Equipment**
- **Industrial Machinery**
- **Compressors & Pumps**
- **Transportation**
- **Consumer Goods**
- **Military**
- **Marine**
- **Utilities**
- **Electronics**
- **Medical Devices**

Made with Your Business in Mind

Find all of the labels you need under one roof. Galleon provides a variety of high-quality options for many different industries. Our production system is specifically designed to meet customers' needs for shorter runs, faster turnaround times, and greater variety in their product labeling, branding, and packaging needs. You'll enjoy the advantage of both short- and long-run, high-resolution graphics printed in a single production house.

Quality Control & Inspection

Galleon's quality control department ensures all parts meet your specifications.

Our inspection process uses the Image Dimension Measurement System from Keyence. This instant measuring system measures dimensions, automatically records, and calculates Cp & Cpk in seconds. Complete inspection reports can be provided to meet your required specifications. This process has reduced the time & cost required to perform inspections and as a result, keeps your production accurately flowing.

ALL-SEASON HIGH- PERFORMANCE DECALS

Using labeling materials that can withstand the test of time is essential, especially for businesses in the construction to manufacturing fields. That's why, when adhesion and protection are paramount, these industries choose Galleon's famous high-performance decals. These decals are highly durable and designed for products that withstand extreme environmental conditions and abuse on a regular basis.

GALLEON

Decals & Die Cuts

Decals - Die Cutting - Prototyping

Decals Tailored to Your Needs

Not sure where to begin? Galleon's unique approach to custom label construction has you covered. Our knowledgeable team will work with you to develop materials and adhesives that suit their intended labeling applications. Just let us know how you plan to use your decals, and we'll go from there.

There are many factors to consider when it comes to constructing the perfect high-performance decal. For example, what kind of surfaces should they adhere to? Which environmental factors should we take into account? These are just a few of the questions we consider during the decal creation process.

Best of all, Galleon is committed to using only the finest and most durable materials available for your labeling needs. Rest easy knowing you'll receive a finished product that will stand up to intense wear and tear.

Every Industry Served

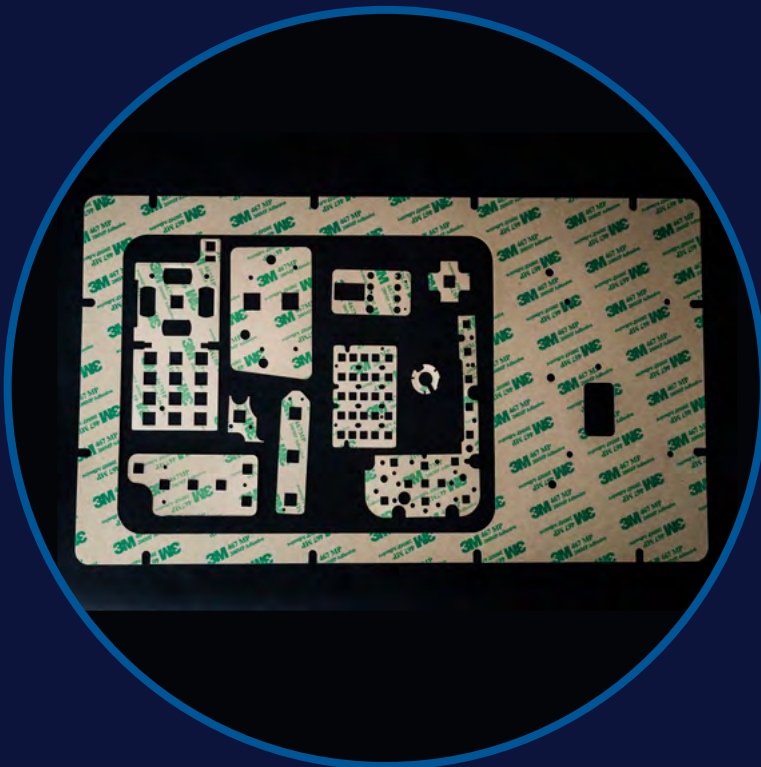

Over the years, we've had the privilege of working with businesses, organizations, and associations in a variety of different industries. Though our clients' labeling demands have changed during that time, one thing has stayed consistent: Galleon's dedication to providing custom solutions for every project. Whether you need labels for construction equipment or retail products, we can fulfill your order. Here are just a few ways our clients use our high-performance labels:

- **Construction Equipment**
- **Heavy Machinery**
- **Power Tools & Equipment**
- **Durable Goods**
- **Rescue & Recovery Equipment**
- **Police & Tactical Equipment**
- **Military Equipment**
- **Medical Devices**

SPECIALTY DIE-CUTTING FOR SOFT METALS & PLASTICS

New strides in technology have made many kinds of electronics available to the public, resulting in increased demand. Now more than ever, American manufacturers are obliged to build critical (and often complex) components for their products at a more rapid pace. For example, components and circuit boards may include shielding to reduce electromagnetic interference or covers to protect the surfaces of LCD windows.

Keep up with this demand with help from Galleon. By partnering with leading engineers, our custom die-cutting specialists work hard to create solutions that save you time and money. No matter your needs or your industry, our knowledgeable staff can offer a better approach to the die-cutting methods of the past. Reach out today to discuss your needs and find out how we can help.

What We Die-Cut

Galleon provides die-cutting and blanking services for plastic files and soft metal materials. In addition to digital die-cutting, we offer steel-ruling, chemical-etching, hard-tooling, and laser-cutting services as required to fulfill our customers' needs. In order to accommodate detailed requests, our specialists use many different techniques to die-cut on a wide range of materials. Just a few of our past projects include:

- **Dome Retention Sheets (DRS)**
- **Spacers**
- **Gaskets**
- **Stiffeners**
- **EMI Shielding**
- **Washers**
- **Tags**
- **Insulators**
- **Covers**

Many Markets Served

At Galleon, we've always taken pride in our staff's ability to serve businesses throughout a number of different markets. Our versatility has made us a trusted source for not only die-cut plastics and soft metals, but also labels and decals. Countless American manufacturers and distributors depend on us to create components that meet their needs for quality, affordability, and convenience. Below are just a few of the fields we serve:

- **Automotive**
- **Military**
- **Telecommunications**
- **Marine**
- **Aircraft**
- **Boating/Marine**
- **Medical Devices**

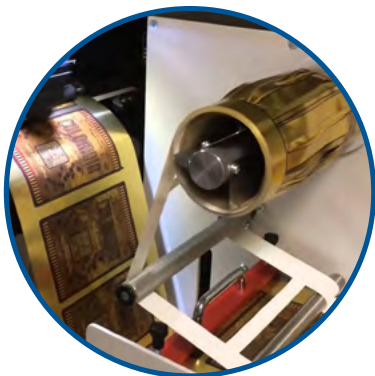

PRODUCING FULL COLOR ROLL LABELS FOR PROMOTIONAL PURPOSES

Decals & Product Labels Printed with Extra Attention to Detail

Galleon Decals & Die-Cuts provides custom high-quality, 4-color process and spot-color decals. Our Production system is specially designed for our customers to demand for shorter runs, faster turnaround, and greater variety & variability in their labeling, branding, and packaging needs.

Our flexibility gives our customers the unique advantage of both short-run and long-run high-resolution graphics printed within our production house.

Superior Attention to Detail

From decorative decals to warning labels, Galleon is your first source for everything to do with labeling, no matter the industry. We've worked with businesses throughout the country on a diverse range of projects. Every new challenge we take on gives us the knowledge needed to provide better labeling solutions in the future. - Power Tools
- Commercial & Industrial

Equipment

- Medical Equipment
- Athletic Equipment

Other Labels & Applications

- Nutritional Value Labels
- Vitamins & Supplements
- Medical Labels
- Pharmaceuticals

STAY COMPLIANT WITH PROFESSIONAL GHS LABELING

Keeping consumers safe is a top priority for manufacturers of potentially dangerous products. This is especially true for businesses that handle chemicals. In fact, since 2015, all companies shipping chemicals throughout the United States are required to have GHS labeling (Globally Harmonized System). It's easy to see why many businesses are looking for labeling services that help them accommodate these guidelines.

That's where Galleon comes in. Thanks to our specialized equipment, we can quickly and easily print full-color GHS BS5609-compliant (Sections 1, 2 & 3) chemical and drum labels on both polyester (PET) and biaxial polypropylene (BOPP) synthetic films. We pride ourselves on our ability to meet clients' varied needs and offer quick turnaround on labels for chemicals of all kinds.

To find out exactly what Galleon can do for you, don't hesitate to get in touch with our friendly staff. Be sure to ask how you can receive a free sample and estimate based on your particular labeling needs. It's the best way to find out how our team can help your business stay compliant.

BARCODING MAKES TRACKING A BREEZE

We specialize in printing labels with barcodes for your inventory management system. Barcodes do much more than just provide a price and other basic details about a product. They save time, reduce error, and makes companies more efficient.

Benefits of Barcoding:

- Eliminates human error
- Reduces employee training time
- Extremely versatile
- Improved inventory control
- Provides better data
- Data is immediately available
- Promotes better decision making

PRE-SPACED LETTERING FOR PROFESSIONAL LOOKING PRODUCTS

Identify and beautify your products with pre-spaced lettering. These individual letters are applied onto a product using a premask film which gives every label a cleaner more natural appearance. Name branding is often produced in this manner, because the lettering becomes a part of the product.

For indoor products and projects, Galleon recommends polyester. It offers a glamorous collection of finishes that will make your products really stand out. Reach out to our staff to find out more about polyester's potential role in your business.

For the ultimate flexibility in pre-spaced lettering, you can't go wrong with vinyl. Galleon recommends vinyl for both indoor and outdoor applications. It comes in a variety of beautiful colors and offers anywhere from three to seven years of outdoor use.

At Galleon, we're proud to offer labeling solutions for businesses in many different industries. Pre-spaced lettering is only one of the many products we offer to help your products look their very best.

EYE-CATCHING WIDE-FORMAT PRINTING

Grab customers' attention with banners, posters, and displays from the creative team at Galleon. For years, we've provided wide-format printing for indoor and outdoor advertising materials. It's never been easier to promote your business, your products, and your services, so reach out today to discuss your ideas with a member of our team.

Personalized Visual Merchandising

Your business isn't like any other. Doesn't it deserve advertising unlike any other? When you choose Galleon, our graphic design team will work with you one on one to create full-color, eye-catching images printed on the materials of your choice. We can even recommend materials based on your plans for your graphics and accommodate orders in sizes up to 52" wide and unlimited length.

Supplemental Services

Need additional design services to help your graphics pop? Talk to our creative team about other options available through Galleon, including:

- **Laminating**
- **Hand Assembly**
- **Mounting**

Graphics We Create

- **Banners**
- **Wall Graphics**
- **Posters**
- **Menu Boards**
- **Trade Show Graphics**
- **Point-of-Purchase Displays**
- **Window Graphics**
- **Fleet & Vehicle Graphics**

Adhesives

Having the right adhesive on hand ensures your graphics stay in place. Be sure to ask about recommended adhesives based on your personal project. In general, we suggest the following for our clients' projects:

- **Permanent**
- **Removable**
- **Repositionable**

Contact us for more information about our wide-format printing services, or to discuss your project with a member of our team. We serve many different industries throughout the United States.
